A GOOD ROAD PROGRAM.

Tomorrow afternoon a meeting will be held at the Chamber of Commerce rooms for the discussion of plans for building additional hard surfaced highways in Putnam county. Committees from the Chamber of Commerce, the Rotary and Kiwanis clubs will be present. It is a meeting of much moment, and we trust that it means the initiation of a definite and determined campaign to put Putnam county in that class of progressive counties where it should be.

As we understand tentative plans the completion of the road between Palatka and the Alachua county line by way of Interlachen, and that a special district with the Palatka district included, is contemplated by those behind the movement. We sincerely trust that the committee commits itself to no such limited plan.

We believe the time has come when Putnam county, as a unit, should vote one bond issue, sufficient large to absorb all outstanding bonds, and to carry out a road building program that will insure the hard surfacing of at least the main arteries of travel through the county, including the road to Hawthorne.

We believe that if a plan is arranged for financing the construction of the Hawthorne road, with no other road improvements in the county prepared for, it will end the good road program in this county for several years to come. Every foot of good road constructed in this county, no matter in what section, benefits to some degree the entire county, and there is a very decided sentiment among tax payers for a general bond issue to take care of a rather ambitious building program rather than to limit the activities to any one road.

CAPT. E. P. BARTLETT

Capt. Edward P. Bartlett, a veteran commander of the Admiral line service, on the bridge of the Silver State at the end of the big shipping board vessel's record-breaking voyage to and from the Orient. Outward bound on its maiden trip the Silver State set a new record between Puget sound and Yokohama—of 10 days 4 hours and 25 minutes, but returning surpassed that performance by setting a new mark of 9 days 18 hours and 23 minutes for the 4,100 miles.

FLORIDA PLANTS BEST

Gainesville, Nov. 19—Plants bought from Florida nurseries can be grown more successfully in this state than when bought from concerns in the north, according to announcement by the agricultural news service of the University of Florida. The plants from Florida nurseries, the announcement added, are already acclimated while those raised in colder climates are not in most instances suited to Florida soil and weather.

Gainesville, Nov. 19—Hamlin L. Brown, who for the last six years has served as county agent for Jefferson county, Ala., in which Birmingham is situated, has been added to the staff of the Agriculture division of the University of Florida, according to announcement made here. Mr. Brown who took up his duties November 1, holds a B. S. degree from the University of Missouri, and is rated as a specialist in creamery and dairy work.

PROTRACTED MEETINGS

Rev. Wylie F. Martin, of Rodman, will conduct a series of meetings at the Lemon Heights Baptist church all next week beginning Monday night at 7:30 o'clock.

RUDOLPH FORSTER

Under the new executive reorganization, there is a provision for an office of "Assistant to the President." Rudolph Forster, executive clerk at the White House, is being considered as a possible assistant. Mr. Forster has been the President's right-hand man through several administrations and his familiarity with the routine work of the executive establishment makes him especially well qualified for the position.

SEVENTY KIDDIES ENJOY

STORY TELLING HOUR

Seventy children, actual count, enjoyed the story and play hour yesterday afternoon held by the Story League of Community Service. The children assembled early and were all prepared for the arrival of Mr. Teeters who soon had them playing games. The kiddies' favorite was "Looby Loo." Because of its popularity not only with children but with adults, its origin might be interesting. At first the game evolved from a sort of ancient choral dance in which animal postures were assumed. Later it was adopted by the court where it was prevalent in celebrations and festivals. "Looby Loo" always makes a hit with children.

Other games played yesterday were "Rig A Gig," another folk game "Squirrel In Tree" and "Crows and Cranes." After the games, the children were led to the Putnam House where stories were told by Mrs. Walter Tilghman. These were tales of Indian folk-lore, and were received with great interest. Mrs. G. F. Blake assisted in the stories.

The children have been requested to come to the next meeting dressed in some sort of costume when it is hoped that their picture might be taken. The next story hour is Saturday afternoon starting at three thirty.

BIG CARNIVAL TO OPEN

AT EAST PALATKA MONDAY

Situated just the south of the Florida East Coast railway depot in East Palatka Roberts United Shows will open a week's engagement tomorrow with some of the most novel attractions ever seen here, including the famous I. X. L. Ranch Wild West Show, which was such a hit with the Johnny Jones shows. This is said to be the largest midway attraction now operating in the United States.

The motordrome is also a high class amusement feature, being the largest portable motordrome in the country on which four famous riders will compete. There will be special performances for children at which reduced rates will be put into effect. These dates will be announced later. Special trains will be operated by the Florida East Coast railway beginning at 7 o'clock each evening, and there will be no charge for the trip.

HILLSBOROUGH BEATS ARCADIA

Tampa, Nov. 19 — Hillsborough high school football team defeated the high school eleven from Arcadia here today 68 to 13. Hillsborough took the lead early in the first quarter and with straightline smashes and end runs scored repeatedly. Wegeman, full back for the locals, was injured early in the game and it was said it might be impossible for him to play in the Hillsborough-Duval game next Thursday.

IMPORTANT MEETING OF ELKS

There will be an important meeting of the Elks at their lodge rooms Monday evening at 8:30 o'clock. Important business is to be transacted and all members are urged to attend.

STRANGER SLEEPS IN OTHER TWIN BED; WIFE WILD.

If you are a doting wife, and if you discovered a man other than your husband right in your bedroom, in fact, right in the other one of your twin beds, what would you do?

That's exactly what happened to Mrs. Harry Hawkins and she expected her husband to walk in any minute, too. Mr. Hawkins had gone out early in the evening on business and his wife had retired at her usual hour, without a sign of anything amiss. Imagine her dismay when on waking and tripping blithely over to wake hubby, she beheld another man, wearing her husband's pajamas and a high silk hat!

Report has it that Mrs. Hawkins became terrified at that moment by the entrance of her husband. However, you can discover in what manner she handled the situation when you see the screaming bed-room farce, "Twin Beds," which Mr. and Mrs. Carter DeHaven are presenting in picture form, and which comes to the Grand Monday, as the latest First National attraction.

DON'T DELAY

Don't neglect a cough or a cold until it runs into serious sickness. Pneumonia and consumption often have their beginning in a slight cold. At the first indication of a cold, use

Foley's Honey and Tar.

Mrs. D. E. Parmeter, Childs, Pa., writes this: "I am writing to tell you of the good Foley's Honey and Tar has done me and I feel much better since I am taking it. I have tried many cough medicines but none relieves my cough and irritation in the throat as much as your medicine and I will be pleased to recommend it to my friends and tell them of the good it has done me."
